We hope this communication finds you and your family safe, healthy, and well.

As a union member you are entitled to many benefits. Today, we would like to highlight one benefit in particular – tuition free college for Union members and their families. Yes, as remarkable as it may seem, this union member benefit provides the opportunity for free college for full dues paying members and their families. **FREE COLLEGE, HARD TO BELIEVE BUT TRUE!**

Below are two links regarding the free college benefit. The first link will take you to a fact sheet on the free college program. The fact sheet does a wonderful job in describing the details of this remarkable program. The second link will direct you to a Webinar, which will be held next week. This Webinar will further explain details of the free college benefit. We encourage you to set aside a few minutes this weekend to review the information in the links below. With the cost of college today, and the new virtual world that many of us are living in, this free college benefit for union members is a wonderful opportunity for you and the members of your family.
